Mattress Stitch Join:

Preparing for the Join

- *Place your two crochet pieces side-by-side with the right side facing up.*
- *Thread a tapestry or yarn needle with a long tail of matching yarn.*
- *Align the starting corner stitches or row ends carefully so they match up.*

Sewing the Mattress Stitch

- *Anchor your yarn securely at the base corner of the two pieces.*
- *Insert your needle under the bar or loop of the first stitch on the left piece.*
- *Move directly across to the right piece and insert the needle under the corresponding stitch loop.*
- *Continue working in a zigzag pattern back and forth from left to right.*
- *Pull the yarn tight every few stitches; the thread will sink into the fabric and pull the edges together invisibly.*
